

The true healthy snacks.

■ *Microwave popcorn*

AST Popcorn

AST is a Bulgarian company, producer of Microwave popcorn - one of the companies with the biggest and most modern facilities and equipment for production of microwave popcorn in Europe.

Our products comply with the requirements of the European Union. The company is certified according to the following international food safety standards: ISO 22000:2005 and BRC.

AST is distributing microwave popcorn in most of the EU countries, as well as in Russia, the Middle East, Japan, South Africa.

Among our customers are:

Pepsi Co, Kaufland, Carrefour, Auchan, Metro and others.

We aim to expand the range of the supplied market chains and wholesalers in Europe and the whole world.

Our range has a large variety of flavoured microwave popcorn at very competitive prices.

AST proudly produces its own raw material - popcorn.

What can we do for you?

Private label

YOUR PERSONAL

NUMBER?

AS - Trading can develop for you a product that only you could sell. In compliance with your needs and desires, the packaging may vary from 80 to 100 gr, and only your esteemed company will have the rights to launch it. So you can offer better price levels than those leading brands of your competitors. We design and manufacture products for customers of high European level.

Launching products under private label would gain you personality in your development and will correspond on the increasing share of this branch of the world's activity.

Our company can create for you private label at a lower price, but with higher quality compared with other brands, so you could win many customers. And we might create a product that is more expensive and carry more promises for quality to the customer.

The brand is a name or a symbol used to identify the product of a company. By letting us create your product under private label, you will be sure that it will be recognized by already attracted customers.

Logistics

15 packs = 1 display box

3 packs = 1 box

6 display boxes = 1 carton

32 boxes = 1 carton

60 cartons = 1 EU pallet

55 cartons = 1 EU pallet

33 EU pallets = 1 Truck
